

K-LOVE has personally reached out to me in a troubling time of my life. Their Music brings me peace and I know the prayer staff is praying for me and my children when I ask them to. If K-LOVE was taking off my radio it would be very disheartening for me personally. I rely on them. God uses this station in my life to lift me when I'm down. I believe K-LOVE provides the public, and my community of listeners a real way for us a Christian and non-believers alike to hear the true word of God. They reach out to the listener and take an active roll in our community. They feed the homeless and their give them hope for the future. Please keep K-LOVE on the air. For the benefit of all who listen and the ones who have yet to get tuned in. God bless you in your decision.
